Dear Sirs,

SBS Superior Building Systems, Inc. has more than thirty years of experience in fabricating and erecting both bolted and welded structures to meet the needs of farmers and ranchers.

We build practically anything that has to do with welded construction from metal shops or storage buildings, to horse barns, stables and riding arenas.

SBS Superior Building Systems, Inc. has the equipment and experienced personnel to go anywhere in Texas, to meet your building needs.

We would welcome the opportunity to be of assistance on your next building project.

It would be appreciated if you would file this letter for reference in your future building needs.

Additional information and free estimates will be furnished upon request.

Respectfully yours,

*Jack Meeks*

Jack Meeks.
